### **Report of theS.C/S.T Cell**

The college has its strict policy against any kind of discrimination by or among students and teachers. The college IQAC cell has planned and made committee to look into such matters and have strict policy against any such discrimination or complain against it. In the IQAC meeting it was planned that the students should be helped and encouraged to get the financial help with scholarships provided to them by the state and central government. The students are informed about it when they come for the admission in the first year at the College. In the very beginning they are explained about how they can get benefits provided to them by the Government. They are also informed not to be fearful and they should feel free to inform any problems which are faced by them at any time.
